SECRETARIAT IV 21 FEB 1920

Sir,

In submitting herewith copies of correspondence ending with letter No.105 dated 16th instant from the Inspector of Explosives in Mysore, I have the honour to request that you will be so good as to accord sanction for the printing of 500 copies of the Explosives Rules in book form (similar to the Mining Rules) at the Government Press.

I have the honour to be,

Sir,

Your most obedient servant,

L. H. Beckwith

AG. CHIEF INSPECTOR OF MINES
IN MYSORE.

M.S.

Letter No.105 dated 16th February 1920 from the Inspector of Explosives in Mysore, to the Chief Inspector of Mines in Mysore.

In response to your letter No.801,, dated the 11th instant, I have the honour to inform you that copies of Explosives Rules are in constant demand by Magistrates, Police Officers and Magazine - Licensees for reference.

It is very necessary that all officers empowered to inspect explosives and deal with explosive cases should be furnished with copies of the Rules for their guidance.

On a previous occasion when their distribution to the above officers was ordered 500 copies of the Old Rules were got printed and it absorbed 200 copies; the General and Revenue Secretariat - required to place at its disposal 100 copies and the balance of two hundred copies was kept for sale with the curator of the Government Book Depot.

If the same procedure has to be repeated we have to get 500 copies printed this time as well.

I have just finished revising the New Rules and noted all - corrections and alterations and will forward them all in a statement form after once again going through the Rules with the original to notice any omission.

L. St. Beetham

AG. CHIEF INSPECTOR OF MINES IN MYSORE.

9

Letter No.102 dated 10th February 1920 from the Inspector of Explosives in Mysore to the Chief Inspector of Mines in Mysore.

I have the honour to bring to your notice that we have no spare copies of the Explosives Rules of 1917 published in Part III of the Gazette, dated 21st March 1918 and to request that early arrangements may be made to get the Rules printed in the book form. (as for the Mining Rules)

The Explosives Rules were promulgated during Dr.Smeeth's absence on leave and only six copies were received from the Press pending their revision by him after return and have been used up.

At present Dr. Smeeth is otherwise busy to devote any attention to the revision of the rules and is of opinion that they may be got printed as they are. Besides, no amendments have been suggested by any, since the publication of the Rules two years ago and many copies are in demand by District and Police Officers.

In the final publication of the Rules in the Gazette some typical errors have incidently been noticed and I am revising them with a view to publish a correction statement.

In connection with the translation of the Rules into Kannada pending final orders of Government, some copies of the Rules are needed and I request you therefore to represent to Government and obtain very early orders to get the Rules printed at the Government Press.

" C O P Y "

L. H. Smeeth

CHIEF SECRETARIAT 6 MAR 1920 IV

M.M.C.P. Depts. 6 MAR 1920

Subject:- MYSORE EXPLOSIVES RULES.

Sir,

With reference to your letter No. G. 20163 Geol. 67-19-2 dated 1. 3. 20, on the above subject, I have the honour to state that the revised rules under the Mysore Explosives Regulation II of 1888 were approved by Government and published in the Gazette for general information under Notification No. G. 9745 Geol. 69-15-17 dated 18th January 1918. In the final publication of the rules, however, - there are a few errors, all of which have been embodied in the - annexed statement, which shows clearly the nature of alteration or correction considered necessary. As these proposed alterations do not alter the general sense of the existing rules, it seems sufficient to publish a correction statement along with the rules without having recourse to the proceedure laid down under section 15 of the Mysore Explosives Regulation II of 1888.

If, however, it is deemed necessary to fully comply with the provisions of that section, I request the early orders of Government for the publication of the enclosed correction statement in the

15

the Gazette for the information of the Public and also orders to print in the Government Press, Bangalore, 500 copies of the revised rules in book form (similar to the Mysore Mining Rules) as there is a demand for the same, not only from the officers empowered to enforce the rules but also from the License holders throughout the State.

I would suggest that in place of the words "Director, Department of Mines and Geology" proposed to be omitted on page 18, Para No.3 (i) Line 4, the words "Chief Inspector of Mines in Mysore should be substituted, since the Inspector of Explosives is directly subordinate to the Chief Inspector of Mines

I have the honour to be,

Sir,

Your most obedient servant,

L. N. Deshpande

Ag. Chief Inspector of Mines' in Mysore.

M.S.

Alterations and corrections considered necessary in the Rules under the Mysore Explosives Regulation, No.II of 1888, for manufacture, possession, use, sale, transport and importation Explosives, published under Notification No.G.9745-Geol.69-15-17, dated 18th January 1918 in Part - III of the Mysore Gazette of March 21st 1918.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Government of His Highness

the Maharaja of Mysore,

B A N G A L O R E.

Sir,

With reference to your memo No.G.23318 Geol. dated 10th April 1920 forwarding a copy of Gazette Notification No. G. 23317/Geol. 67-19-4 of the same date regarding certain alterations and corrections made in the Rules under the Mysore Explosives Regulation II of 1888 issued with Government Notification No. G.9745/Geol.69-15-17 dated 18th January 1918, I have the honour to submit herewith an extract from letter No.147 dated 17th instant, from the Inspector of Explosives in Mysore, and to request the early orders of Government for the publication in the Gazette of the omissions pointed out therein.

I have the honour to be,

Sir,

Your most obedient servant,

L. H. Beckwith

AG. CHIEF INSPECTOR OF MINES IN MYSORE

Extract of letter No.147 dated 17th instant from the Inspector of Explosives in Mysore to the Ag. Chief Inspector of Mines in -- Mysore.

---

2. Further, in the copy of the statement of corrections and alterations attached to the copy of Government Notification No. G. 23317/Geol. 67-19-4, dated 13th April 1920, received with your

Memo No.1133, dated 13th April 1920,I notice that one item (Page 45, para 13 (3), line 7 - for "quan" read "quantity") is omitted altogether. The omission is evidently due to oversight in re-typing, the statement I sent, either in your office or in the Chief Secretariat. Government may kindly be addressed to further notify it early.

3. Also in the statement of alterations and corrections notified in Part I Section 2 of the Mysore Gazette, dated 15th April 1920, the item against page 48 para 6 Mode B line 6 is published as (for "Provided that fireproof safe" read "(2) fireproof safe") and this should be (for "Provided that fireproof safe" read "(2) A fireproof safe") as it begins a fresh paragraph and the insertion of the indefinite article is necessary as in similar cases. This alteration may also be pointed out to Government for being notified.
